

## PART L – SEGMENT REPORTING

According to IFRS 8, companies must provide information enabling users of financial statements to assess the nature and the effects on the financial statements of their business activities and the economic contexts in which they operate.

Therefore, it is necessary to highlight the contribution of the various operating segments to the formation of the Group's income.

The identification of the "operating segments" of this Section is consistent with the procedures adopted by Company Management to make operating decisions and is based on internal reporting, used for allocating resources to the various segments and analysing their performance. In that view, also to improve the representation of the Group's profitability, operating segments that are below the quantitative thresholds put forward in paragraph 13 of IFRS 8 are also highlighted.

For 2021, the operating segments taken as a reference to provide the disclosure in question are as follows:

- Retail;
- Corporate;
- Institutional;
- Private;
- Investment Banking;
- Strategic Partnerships;
- Leases;
- Corporate Centre.

The identification of Leases as an operating segment lies in the need to provide separate evidence of a run-off activity, attributable to the management of previous lease transactions of the former Banca Italease (today incorporated into Banco BPM) and the subsidiary Release<sup>1</sup>.

It should also be noted that the Investment Banking operating segment also encompasses the contribution of the subsidiary Oaklins Italy S.r.l., acquired by Banca Akros in May 2021.

For a description of the configuration of said operating segments, refer to the disclosure set out in the Section "Results by business segment" of the Report on operations of the Group.

The tables below provide the detailed income statement and balance sheet figures by segment as at 31 December 2021, compared with the corresponding figures for the previous year, as published in the 2020 Annual Report.

---

<sup>1</sup> Incorporated into the Parent Company on 21 February 2022, with accounting and tax effect from 1 January 2022.
